Swindon SEND Families Voice has now been going for 3 months. We have attended 11 meetings with key people within Swindon Borough Council and Clinical Commissioning Group (health) and have many more coming up. As a group we agree that it is through working cooperatively and building good relationships with each other that change can happen. Doors have been opened to us and we need to seize this opportunity! We have been asked to provide several different pieces of feedback so let's provide it! Every comment is appreciated by us and is valid. **Please make sure you have your say!** So apologies if it feels like we are asking for lots of surveys, polls and comments but let's grab this opportunity and give them as much feedback (positive as well as the not so positive!) as we can because the more we work together, the more we can achieve together! So, if you know anyone with SEND children or young people that don't know about us please do spread the word!

### “Our Voices are Stronger Together”

Thank you for those that completed our survey. We had 109 responses! Every bit of feedback you have given us, and continue to give us, is being passed on to the people that need to know! We will be feeding back to you via our Facebook page and through emails what is being done with that feedback.

As the deadline to the new General Data Protection Regulation (GDPR) is now here this is your **LAST CHANCE** to 'opt in' to remain on our mailing list. Many of you already have, and thank you for doing so, but for those that haven't please tell us by return of email otherwise we will remove you as of 25th May. If you are not on the mailing list and you would like to be then email us at [swindonsendfamiliesvoice@outlook.com](mailto:swindonsendfamiliesvoice@outlook.com).
